

EduCare for Health®

Save money and gain peace of mind

on compliance, best practice
and inspection readiness

EduCare for Health & Social Care is a comprehensive, all-inclusive and fully up-to-date learning service that enables you to deliver the mandatory and statutory training required for all staff – simply, easily and at **low cost**.

Our priority is to help you deliver this essential training efficiently and as easily as possible – without impacting your busy, day-to-day workload.

This service aims to reduce pressure on managers, and offer peace of mind that your organisation is safer, compliant and well-prepared for inspection. It also offers you an easy-to-use management reporting tool so you can track training progress, assess knowledge and provide robust evidence of learning to inspection authorities.

As well as sharing essential best practice, the many topics available will also help your staff meet the Care Certificate and CSTF induction standards - whether they provide care directly or indirectly.

What customers say about EduCare...

“We feel that the EduCare method is robust, engaging and easy-to-use. The course is free of jargon making it easy to understand – you learn what you need to learn.”

“I have been very impressed with EduCare’s Health & Social Care package. I have found the content to be very good and feel that these are excellent courses for people with no or limited experience.”

i-grow Care and Support Limited

“We’ll continue to use EduCare for Health as part of our volunteers’ inductions and would like to thank EduCare and all their staff who have looked after us wonderfully.”

Coventry City Council

99.2%

of our customers feel confident to apply the knowledge gained from EduCare courses in their workplace

“The courses are well written and use a variety of formats and exercises to vary the learning, maintain interest and reinforce subjects. It’s also great that the courses are continually being updated, either with new content or new features.”

Wrixon Care

“EduCare provides a clear and simple mechanism to train staff in a variety of crucial and mandatory areas. Staff numbers continue to grow and time to deliver training face to face is becoming ever scarcer due to increased legislation.”

“EduCare provides the ability to train staff online ensuring that their needs can be met in a more timely manner, especially if they join half-way through the term.”

“The fact that EduCare keeps a detailed training record is enormously helpful in ensuring that all staff have been trained to the appropriate level. It also provides a neat summary for inspection evidence.”

98.5%

of EduCare customers would recommend the online learning service

98.8%

of our customers find EduCare courses to be simple and concise

“We expected all our dealings with EduCare to be highly professional throughout and from the writing and design to the delivery and hosting of the courses, they didn’t disappoint.”

98.4%

of people who have completed one of our courses would use the EduCare method of bite-sized learning again

“From an operational perspective, we find the functionality of the EduCare site easy to navigate and, with full admin access, reporting is both intuitive and user friendly.”
