

ASC-WDS - how it helps the sector and 20,000 care providers

Helen Dannatt, Relationship and Engagement Manager

What is ASC-WDS?

- ASC-WDS is a **free online service**, which is commissioned and funded by the Department of Health and Social Care. It is the leading source of intelligence for the adult social care workforce.
- It is used by over **20,000 care providers** and over 50% of CQC regulated providers.
- It helps you to **manage your team** and provides crucial **information to decision makers**.

What does it tell us?

- This crucial information is used by **DHSC, government bodies, local authorities, CQC, NHS, ADASS, Trade Unions** and others.
- It informs the **State of the Adult Social Care sector and workforce in England** report.
- The data has been used in recent reports to advocate for change.

Make your voice heard

- By contributing to ASC-WDS, you are helping to build a **detailed and accurate picture** of the sector.
- This means we can **produce insights** which highlight the areas that most need support.
- Decision makers can use this to inform policy and bring about **positive change**.

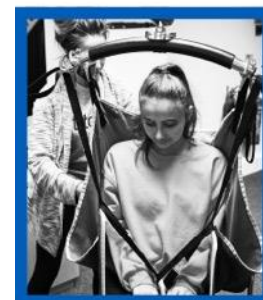

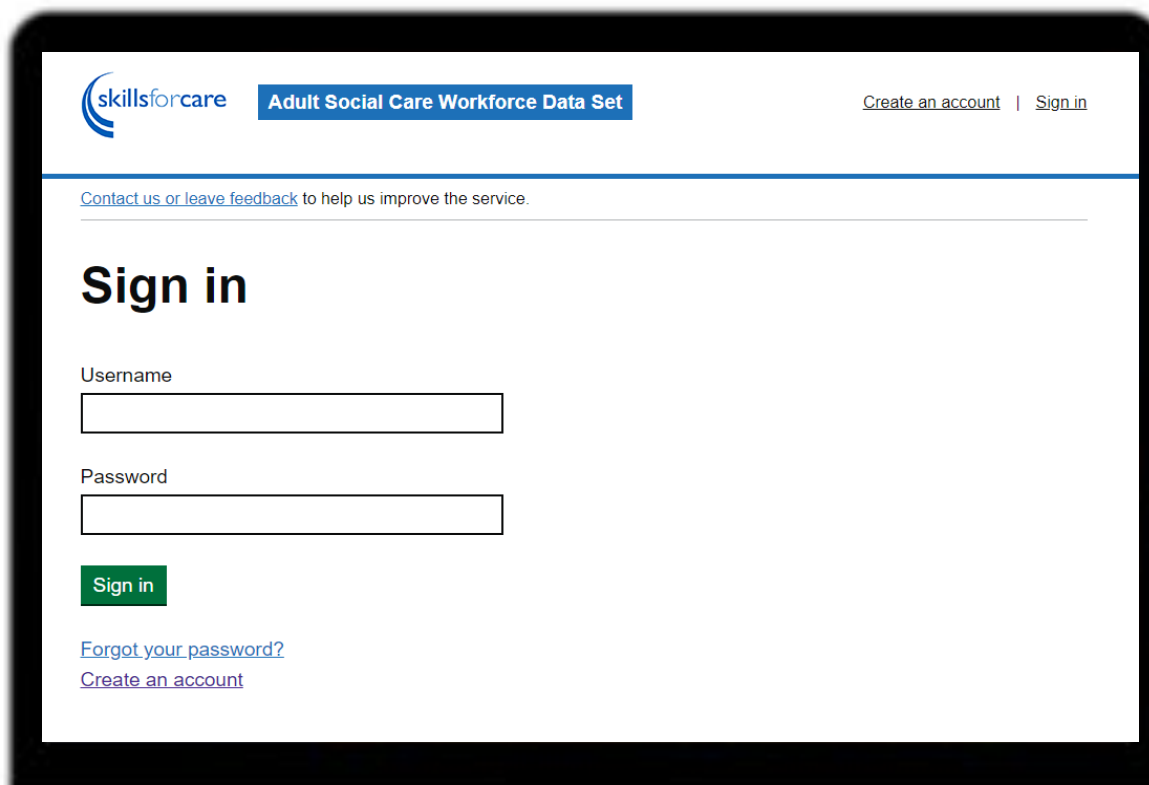

Other benefits for your organisation

- Funding for training your staff
- Safe and free storage of staff records
- Manage training records
- Benchmark your workplace
